Re: Vonage Holdings Corp.
In the Matter of Rural Call Completion, WC Docket No. 13-39

Dear Secretary Dortch,

On behalf of Vonage Holdings Corp. ("Vonage"), this letter is being filed pursuant to the commitment made in the Petition filed by Vonage on April 2, 2014, stating that Vonage would file a letter with the Commission in the above-referenced docket no later than April 18, 2014 notifying the Commission of Vonage's compliance with Commission Rule 64.2201 (the "Rule").

As discussed in the April 2, 2014 Petition, Vonage required additional time to comply with the Rule due to recently discovered problems with the software being used to deploy Vonage's call ringing solution. As of the date of this filing, Vonage has activated its new media solution at all of its call processing centers. As such, 100% of Vonage's traffic is now on the new media delivery system, and is in full compliance with the Commission's Rule.

Vonage reiterates that it has undertaken significant efforts to come into compliance with the Rule on such a short deadline. Vonage and its vendors worked very hard to push this process forward quickly, and as detailed in its prior filings, discovered and addressed a number of technical problems during the rollout that had the potential to impact every Vonage call, making it imperative that Vonage deploy the solution in a staged manner to minimize any potential customer disruptions. Vonage is happy to report that it has completed that staged rollout, and is therefore in compliance with the Commission's Rule at this time.
